Concern: Protests in Egypt

Your Honorable Ambassador,

We hope this letter finds you well. „déi jonk gréng“, Luxembourg Young Green Party are highly concerned about the current situation in Egypt. As you know, for 10 days now, people have been protesting for democratic reforms in Egypt. Although the huge majority of protesters are peaceful, over 200 people have been killed so far, either by repression, attacks from Pro-Mubarak protesters, or some even chose the martyrdeath of self-immolation.

According to international news agencies and observers, the situation is very tense, and the Egyptian Police and Egyptian Armed Forces have been accused of handling the situation very badly, leading to the death of dozens of civilians. Furthermore, groups of thugs armed and financed by the government raid on unarmed peaceful protesters. We as young greens always stand behind peaceful protesters seeking to express their wish for political change, democracy, transparency and prosperity. These aspirations, once promised by the Mubarak administration were never turned into real policy.

We urge you to inform the Egyptian government to:

- **Allow the proud People of Egypt to channel their peaceful protests for transparency, democracy and human rights.**
- **Cease all repression against peaceful protesters.**
- **Organize democratic and fair elections monitored by the O.E.C.D and the European Union.**
- **Free all political prisoners, peaceful protesters and journalists that were apprehended in the past.**
- **Facilitate the departure and take legal action against Egyptian key politicians, responsible for 30 years of repression**

Although we do not wish to interfere in Egyptian internal affairs, we strongly believe that the quest for human rights, democracy and freedom is a fundamental right of every human being on this planet.

Please allow us, your Honorable Ambassador, to express our most mutual respect and sympathies.

Yours sincerely,

For déi jonk gréng
